COLORBLINDNESS PRE-SCREENING LOG (SCHOOL KIT V1)

INSTRUCTIONS: Test in a well-lighted space, giving the student only 3 to 5 seconds to read a card. The student should not squint, tilt their head, or study a plate for 10+ seconds to decode the shape. The first card is not a testing card- it is to get the teacher and student to understand the "game". The second and third cards are the testing cards.

Date: _____ Screener Name: _____
